

Home, Sweet Home!

The Town of Milton has chosen the Building Home Center as March's featured Business of the Month! With 35+ years of experience located in Milton, the Building Home Center has all you may need for renovations or new builds. Erin Hibbard, Chief Financial Officer for the company, said that the Building Home Center "has everything that you'll ever need to complete all of your home repair and construction projects. We sell lumber, tools, flooring, cabinetry, and much more." With so much to offer, this business has become an excellent resource to Milton residents.

Building or fixing a home is never easy, but the Building Home Center tries to make it easier. Hibbard said that the company "offers free services to help any customer with their new builds or remodeling needs. We will even visit their property free of charge!" It is easy to sympathize with the anxieties or uncertainty when starting new project. Hibbard said that "it can be an overwhelming task, so we are here to make it as stress-free as possible."

Still a little unsure of where to start? The Building Home Center can help. Sales Representative, Jeffrey Gingras, has over 30 years of experience helping those with their projects. Hibbard said that Gingras "will set up a time to visit the worksite, take any measurements needed, research the best prices, and provide customers with a free estimate." Looking for even more benefits? Hibbard said that customers can "choose to come into our store where we will load their materials into their vehicle and give them an additional 10% discount on their entire purchase."

The Building Home Center is no stranger to helping Milton. Hibbard said that they "also give back to the community as much as possible. If it's not delivering the large Christmas tree for the Milton Community tree lighting, it's providing donations for project graduation, Milton Fire Department, or the Milton Historical Society." This business is not a stranger, so you shouldn't be either.

Learn more about the Building Home Center by stopping by their location at 280 Route 7 South.
