### **MILTON'S SEPTEMBER 2018 BUSINESS OF THE MONTH: MOUNTAIN TRANSIT**

#### **They like to move it, move it!**

The Town of Milton has selected Mountain Transit as September's Business of the Month! Mountain Transit is located at 79 Precast Road, but you will likely see them driving throughout Milton and many surrounding districts in Vermont. When asked about an average day for a driver, Paul Clancy, the Terminal Manager, said "Let's put it this way: it's never dull."

With around 133 personnel, 38 of which are Milton residents, Mountain Transit serves as an excellent example of a company that helps the Town both inside and out. "A lot of our employees live in Milton . . . the people who work here are treated fairly so they stay" Clancy said. On a larger scale, Mountain Transit is affiliated with the Student Transportation of America, which transports approximately "four million kids a day" Clancy said.

When asked what the job entails for the average driver, Clancy said that "Their job is simple: get the kids back and forth from home to school and back the other way safely." Clancy insisted that safety holds the highest priority with the company and that regulations change yearly to ensure that the passengers remain protected. In short, Clancy said that "everything is built around safety."

Mountain Transit is dedicated to putting efficient transportation of children and others first. The company does not have any immediate plans to expand but it does have the means to do so if necessary. When asked for a final note, Clancy had this to say: "When you're servicing the children, you're servicing the entire community and we do it the best we can. Are we perfect? No, but we do the best we can with what we have and I think we do a pretty good job."

Do you have a trip or a wedding planned in the near future? You can learn more about Mountain Transit by going to their website at [www.statravel.com](http://www.statravel.com) or by visiting their Facebook page.
